## PROFILE

Motivated IT undergraduate at SLIIT with both academic and hands-on experience in software and web development. Proficient in programming languages such as **Java, Python, C++, JavaScript**, and **PHP**, with strong knowledge of object-oriented programming principles. Skilled in full-stack web development using the **MERN stack**, and well-versed in front-end technologies like **HTML** and **CSS**. Experienced in responsive design, server-side scripting, and database integration using **MySQL** and **MongoDB**. Solid understanding of the **Software Development Life Cycle** and a proven ability to solve problems with attention to detail. Eager to expand technical skills and contribute to dynamic, team-based projects.

## PROJECT HIGHLIGHTS

### Breezy Fits - E-Commerce Website

**Role:** Full - Stack Developer

**Technologies:** MERN Stack, Redux, HTML, Tailwind CSS

- Description:** Developed a full-featured e-commerce web application from scratch, enabling users to browse products, manage carts, place orders, and handle secure payments. Implemented user authentication with JWT, admin dashboard for product and order management, and real-time updates for inventory and cart status. Designed a responsive front-end using React and styled components. Integrated MongoDB for dynamic data storage. Deployed the application for production using Vercel.
- Website link: <https://e-commerce-webapp-3dx9.vercel.app/>

### E - Channeling Website

**Role:** Full - Stack Developer

**Technologies:** Java, MySQL, HTML, CSS

- Description:** Created a user-friendly healthcare booking platform as part of a 4- member team university project.

### Finance Tracker - Android App

**Role:** Full - Stack Developer

**Technologies:** Kotlin

- Description:** Budgeting app with income/expense tracking and visual analytics using MPAndroidChart and SharedPreferences.

### LKSpareParts Website

**Role:** Full - Stack Developer

**Technologies:** HTML, CSS, JavaScript, PHP, MySQL

- **Description:** Developed a full-featured website that allows users to create accounts and publish advertisements for spare parts. The platform provides a user-friendly experience for posting, browsing, and managing ads in the automotive sector.

## EDUCATION

---

**BSc (Hons) in Information Technology**

**Specialized in Information Technology**

Faculty of Computing| SLIIT (2023-Present)

**G.C.E. Advanced Level – Physical Science Stream**

D.S. Senanayake College, Colombo 07

Year: 2021
